Re: Instructions for Filing a Civil Action for Violation of Civil Rights (Bivens Action)

Dear Ms. Fox:

I am in receipt of your letter "requesting a motion for remedy in my favor due to the untimely response even with/by the extension." Attached to your letter is an Extension of Time for Response – Administrative Remedy dated October 4, 2011.

From what I can gather from your letter request, it appears you may want to bring a civil rights suit against federal officials. To that end, I am enclosing a Bivens civil rights packet which includes:

- Instructions for Filing a Civil Action for Violations of Civil Rights (Bivens) Action;
- Two Bivens Complaint forms (one for completion and return to the Clerk's Office; the other for your record);
- An Application to Proceed Without Prepayment of Fees and Costs;
- A Consent to Collection of Fees from Trust Account;
- A Prisoner Trust Account Report; and
- A Consent to Jurisdiction by a United States Magistrate Judge.

The detailed Instructions provided will explain the steps you are to follow in filing your Bivens complaint.

I trust the Instructions and forms provided are self-explanatory. If I can be of further assistance, please do not hesitate to contact me.

Very truly yours,

TERESA L. DEPPNER, CLERK OF COURT

## Part A—REASON FOR APPEAL

My family (immediate members) have medical disabilities that causes physical, financial and medical hardships (going against physicians recommendations) by travel up into + through the mountains. The high altitude affects the pressure in my sisters eyes. She is blind and has lost one eye due to pressure burst. Lexington eliminates this. Also Lexington is 25 mins from my family in Cincinnati, Ohio. Travel is a severe hardship for my family. My children have medical and mental disabilities and cannot travel. Two of my daughters are suffering mental + suicidal issues due to lack of separation. This move would assist our reunification. I am all that they have. Both of my parents have passed away.

SUBJECT: Transfer Request BP11 September 11, 2011 12:35 p.m  
DATE: 09/11/2011 06:02:16 PM

I understand and I am not disputing that I am within the 500 miles of my release to residence, as this request is not in reference to a transfer for "nearer consideration". And, while the Lexington Federal Prison Camp may facilitate inmates with medical issues, my request is not due to my medical needs. I am asking for the medical needs of my family to be taken into consideration. If you will refer to my BP9 attachment (the copout and typed statement), paragraph 5 (#4) thru 8 and my BP10 attachment, I have explained the medical as well as the mental issues of my immediate family members. Particularly my sister Cynthia, who is blind (as is in my PSI Report, I was her life long caregiver) and my daughter, Michelle (who is also noted in my PSI to be MRDD, who was also solely dependant on me). My sister's visits to Alderson have been against her physicians recommendations due to the high altitude travel through the mountains. She suffers blindness and a retinal disease which is severely affected by the high altitudes. In fact, one eye has thus far been permanently damaged (burst) by the pressure. My daughter's condition has escalated enormously since my incarceration began. While she biologically an adult, she is mentally that of an adolescent. Michelle is not only mentally challenged, but she is bipolar, hyperactive; she suffers anxiety and depression and has severe behavior issues. If you will, imagine a travel for her for approximately six hours and then try to have a constructive visit with her. It is very difficult on the family member who attempts to bring her as well. Because most of my children were adopted by me at their very young toddler ages and I was a single parent, I am all that they have. In addition, the majority of my children were disabled. Three of my four daughters suffer mental disabilities, including suicidal tendencies. Jennifer has become a "cutter" and has attempted overdosing, as has Michelle. Much of their depression is due to the separation. Since, both of my parents have passed away, being my children's only grandparents. Being here at Alderson is causing a severe hardship on my immediate family. I simply would like to be placed at a more convenient facility. A facility that will not cause medical hardships on my family members and will contribute to them being able to travel for visits. My children's psychologists have determined that my daughters need more time with me, especially Michelle. A transfer to Lexington would mean that my family members could stay with my sister Victoria in Cincinnati, just one hour from Lexington Federal Prison Camp and come to visit with me. And, there is a bus that runs from Cincinnati, into Lexington. It is my hopes that should I be permitted this transfer to Lexington, that I will then be able to convince my daughter Michelle to stay with my sister in Cincinnati permanently and have regular visits with her, assisting her mental and emotional situation and bring her life to a calm. Since my incarceration, Michelle has spent much time homeless. She has never been away from me, nor has she ever been on her own. I have four more years until I am eligible for release. My daughter's mental health are at risk, as is my sisters if she continues to travel these high altitudes. Please, I ask of you to have mercy and compassion and reconsider my request for the transfer. I would be more than willing to pay for the financial burden of my transfer. I have been thus far a good inmate, progressive and forthcoming. I have programmed excessively and I have absolutely no incidents or misconducts since my prison term began. I thank you for your time and consideration in this very serious matter.

Respectfully,

Gina Lynn Fox

REGIONAL ADMINISTRATIVE REMEDY APPEAL  
Part B - Response

Date Filed: June 6, 2011

Remedy No.: 631730-R3

You appeal the Warden's response to your Request for Administrative Remedy. You request a transfer to the Federal Medical Center in Lexington, Kentucky which would allow for visits with your family.

We have reviewed your case and determined the Warden's response to your Request for Administrative Remedy thoroughly and accurately addresses this matter and is in accordance with Program Statement 5100.08, Inmate Security Designation and Custody Classification. We find no reason to depart from the decision made at the institution level.

Your appeal of the Warden's response is denied. If you are dissatisfied with this response, you may appeal to the General Counsel, Federal Bureau of Prisons, 320 First Street, N.W., Washington, D.C. 20534. Your appeal must be received in the General Counsel's Office within 30 days from the date of this response.

For the same reasons that I have previously stated, I am requesting a reconsideration for a transfer to Lexington, Kentucky Federal Prison Camp. Please take into consideration that I am not able to establish relationship with my family here at Alderson. The Bureau of Prisons states that it is important to have relationship with our families. This has become absolutely impossible due to severe conditions. This is not just an ordinary request for transfer. My family has medical issues that prevents them from traveling through the mountains. I have seven children, most of which are disabled. I have lost both of my parents now and my main contact family member is my sister. As noted in my PSI, I was her caregiver. She has lived with me for all of her life. This is our first separation. As the same is with my daughter, Michelle. Michelle is a legal adult, however she is mentally challenged (MRDD) and this is her first time away from me as well. Prior to my coming to prison, I made alternative provisions for both Michelle and my sister. Unfortunately both alternatives have exhausted. Both of my parents have now passed away. Five of my seven children do not have fathers, as I adopted them when they were infants being a single parent. Two of my daughters are suffering with severe depression and have been hospitalized. My daughter Michelle has been living the past two plus some years homeless. Her counselors are suggesting that she needs to interact with me more. She does not drive for obvious reason and if I were permitted the transfer, I would be able to spend more time with her. In addition to her mental disability, she has also behavior issues and an attention deficit disorder. She is acting out and has also become harmful to herself on several occasions. Please I ask of you to reconsider the transfer that I am requesting. Should I be permitted this transfer, Michelle and I could spend more time together as mother and daughter through visits. I would be only 75 miles from her and she could take the bus, public transportation with my sister to visit me. My sister is also suffering emotional depression due to the lack of communication and visitation. My sister has suffered several strokes and a heart attack. She has been restricted from traveling through the mountains due to the pressure in her eyes. In fact, she has lost total vision now and is completely blind. I beg of you to please reconsider my transfer as my circumstances are extraordinary and are causing an emotional hardship on both myself and my family. I am willing to pay for the financial expenses of the transfer. I ask that you reconsider and have mercy on my situations at hand. I am becoming very depressed myself, not being able to spend any time with my family. I have five more years to go before my release and it would be terrible for me as well as for my family members to go without any time spent together.

REQUEST FOR ADMINISTRATIVE REMEDY  
# 631730-F1

This is in response to your Request for Administrative Remedy, receipted on March 22, 2011, in which you are requesting to be transferred to FMC Lexington for family and programming purposes.

You transferred to this facility on October 17, 2008, from SFF Hazelton, to serve the remaining 120 months for Knowing and Distributing 50 Grams or More of Methamphetamine. It is noted; you were sentenced in the Southern District of West Virginia and intend to return to the Newark, OH area upon release. As a result, you are 188 miles from your release residence. Additionally, it is noted you maintain a projected release date of March 31, 2016 via Good Conduct Time release.

According to Program Statement P5100.08, Inmate Security Designation and Custody Classification, "Nearer release transfers move the inmate closer to their legal residence or release destination, consistent with their security level. Inmates may be considered for a nearer release transfer only after serving 18 consecutive months of clear conduct in a general population. Nearer release transfers should be incorporated with 'Lesser Security' transfers whenever possible. Once the inmate has been transferred within 500 miles of his or her release residence, no further referrals will be made for nearer release transfer consideration."

Accordingly, based upon the above information, your Request for Administrative Remedy is denied. If you are not satisfied with this reply, you may submit an appeal to the Regional Director, Mid-Atlantic Regional Office, 302 Sentinel Drive, Suite 200, Annapolis Junction, MD 20701 on the appropriate form (BP-10) within 20 calendar days of the date of this response.

## Part A- INMATE REQUEST

Per my report dated 1-19-12 for the same reasons I am requesting a transfer to Lexington Ky prison camp. Please note: I have lost both parents, my sister is all I really have. To stay here at Anderson would mean that I cannot see my sister for five more years at all. She is absolutely forbidden to enter in the mandarin. Please reconsider my transfer as my circumstances are extraordinary.

SECTION 6

Due to policy quoted above request for transfer has been denied -

I am requesting a transfer to the Lexington Federal Prison Camp for Women in Lexington, Kentucky. My reasons for this request are as follows:

1) To enhance my education: The Lexington Camp offers several different programs that I am interested in. One being the 500-Hour "Spring Program" that is sponsored by the University of Kentucky and also the 500-Hour Computer Program. As my record during my incarceration reflects, I program as often as classes, courses and programs become available to me. In fact, I have successfully completed nearly seventy five certificate classes/courses during my incarceration thus far (42 months) within the B.O.P. and well over two hundred from outside bible correspondence studies. I use my time progressively. The college courses here at Alderson are not courses that I am interested in. I have no interest to be a hair dresser, nor do I want to be a dog trainer. There is just nothing left here at Alderson that I am interested in.

2) To enhance my work skills: The Lexington Camp offers a small UNICOR recycling type of plant to employ the inmates. I would like to gain this work experience and establish a work history within the facility. As there are many factories and plants in the area in which I will be releasing to when I go home. This could definitely be to my advantage.

3) To progress in my rehabilitation: The Lexington Camp offers Narcotics Anonymous groups. Prior to my incarceration, I remained on pre-sentence probation for a period of two years and during that time, I participated in the NA groups and meetings in my area. This was a great part of my sobriety. In fact, I attended group at least once per day for the entire two years. All which I did voluntarily and without a court order. As my sobriety and rehabilitation is very important to me, I would like very much to be able to participate in these groups. While Alderson does have the Alcoholics Anonymous groups, I assure you that they are nothing in comparison to the NA groups. I am not an alcoholic, nor have I ever had that problem and those meetings simply do not benefit me.

The Lexington Camp also has several other programs that I would like to participate in, including the Weight Management, the Chronic Stress Management and the Chronic Pain Management through their Counseling and Rehabilitation Services. Medically speaking, I am a Chronic Care Inmate, however my medical conditions are under control where as I do not need a "Medical Facility". However, being here at Alderson is becoming very difficult for me, climbing the hills several times a day, carrying heavy laundry bags and commissary bags up and down the hills at my age is very difficult. The Lexington Camp is a small confined flat ground facility. In addition, the population is considerably smaller (approximately 300) as opposed to the population here at Alderson (approximately 1300). I do, and have for years suffered with anxiety and panic disorder which often onsets stages of depression. Being in a much smaller, less people camp would certainly alleviate a lot of what I experience here at Alderson. I feel very overwhelmed.

1) The extra-ordinary hardship and circumstances on/with my family: First and foremost, five of my seven children do not have a father. I am the only parent that they have. As you know, I've now lost both of my parents, first my mother in 2007 and then my father last year (2009). My children have lost so much in such a short period of time. My parents, their grandparents played a very active role in their lives. I'm here at my own fault, I do understand that.

Two of my daughters have been hospitalized due to mental illnesses. One being already MRD (mentally challenged), she has since my incarceration acquired diabetes and is now homeless. I have been advised that she is acting out due to the anxiety that she is feeling by our separation. She has severe behavior issues aside from the MRD. This is part of the reasoning that she has become homeless. The behavior issues, I believe that if I were able to reconnect with her and be able to spend regular, ample time with her, she would rekindle with her siblings and maybe find residence again. While she is biologically an adult, she is mentally that of an adolescent. The other, she is medically been diagnosed with severe depression and has become a "cutter". Again, I have always been all that my children had, aside from my parents who have now passed. My children are suffering, they are literally broken and know that they need me. The distance and the traveling arrangements are absolutely impossible for them due to their combined disabilities and their lack of finances.

also have a sister that until my incarceration began, was solely dependant on me. She is blind and disabled. She has most recently had a heart attack and several strokes, leaving her completely blind. Traveling through these mountains has been forbidden to her now by her physician due to the altitude causing the pressure in her eyes to rise extremely. Again, visitation and staying connected to my family and loved ones is very important to both myself as well as to them. Most of my family members don't even drive. If I were permitted to transfer to the Lexington Camp, my family would be able to visit me on a regular basis. The Lexington Camp is only seventy five miles from my eldest sisters home. In fact, there is a bus that the family members that don't drive could take in order to visit with me. The financial burden would be lessened by the fact that my family could lodge with my sister when they came for visits.

I ask that my request for transfer be taken into consideration for all of the reasons that I have listed. I thank you for your time and consideration.

Respectfully,

*Amal Bx*
